HIGH AND LOW PRESSURE

Steam Heating Apparatus

FOR PUBLIC AND PRIVATE BUILDINGS.

SPECIAL ATTENTION GIVEN TO

Heating Factories by Exhaust Steam.

We are prepared to contract for warming and ventilating by STEAM, Public or Private buildings of any size or construction, either by DIRECT or INDIRECT radiation, high or low pressure.

By the first method, we place coils or radiators in the various rooms, and convey the steam to them through mains properly run and connected. The coils can be protected, if required, with ornamental screens and marble top.

By the second method, the coils are placed in chambers in the basement, and convey the heat through flues to the different rooms above. For return circulating heating work, which is now adopted by nearly all the principal houses engaged in heating, our IMPROVED VERTICAL TUBE COIL is the best that has yet been tried. It works equally well with high or low pressure, without noise, and contains more heating surface in less space, besides being highly ornamental.

For buildings in which they have been successfully used, we refer to the following:

The Adjustable Bed

Gives Universal Satisfaction.

Several Steamship Companies have already adopted this Spring Bed for their state-rooms. They are liked because they never get out of order, and are so easy that less bedding is required than with any other in use. The slats are made thin that they may be elastic and adjustable, and constitutes one great superiority over the beds with springs at the extreme ends of slats which must necessarily be thick and unelastic. The most costly bed is not more durable or comfortable. Recommendations from Furniture Dealers, Hotels and the Press might be cited by the score.

We Challenge Comparison

With Any and Every other Spring Bed.

Let others boast about their beds,
And tell how nice they are,
When placed beside the ADJUSTABLE
They never can compare.

There's not a point which they possess
We hav'nt superseded,
As thousands daily now confess,
With every point conceded.

The Manufacturers desire the citizens of this place to become acquainted with the merits of this superior SPRING Bed, for it possesses many desirable features contained in no other—to this end, all persons are cordially invited to

TAKE AN ADJUSTABLE SPRING BED ON TRIAL,

IF DESIRED,

AT THE MANUFACTURERS' RISK,

To be returned in One Week if not entirely Satisfactory.

The Adjustable Spring Bed.

The material used in the manufacture, and the simplicity in the construction of this Bed Bottom, insures its Durability. This Bed Bottom consists of long flexible Slats, resting upon Spiral Springs, very elastic and strong, the fastenings of which are so permanent and substantial that they cannot possibly be pressed out of shape like ordinary springs in canvass covered Spring Beds and Lounges.

It is cleanly because it has no cavities in which vermin can harbor; besides it can be taken apart, cleaned, and put together again in a few minutes.

With very little labor the same bed may be adjusted to bedsteads of a different size and to any degree of elasticity desired. It is also adjustable to every shape and turn of the body, and for EASE AND COMFORT in sickness it is unsurpassed. The weight of the head and feet counterbalance that of the body, securing a level, soft bed. In regard to HEALTHFULNESS, it is well known that the perspiration goes on during sleep. The moisture thus caused falls through the mattress or feather bed, and is absorbed in the under-bed which unless continually turned and aired, becomes damp and unhealthy. With the ADJUSTABLE SPRING BED all this is avoided—the necessary softness being obtained with a single mattress, and ventilation and dryness secured and the bed is kept sweet and clean.

The Most Comfortable

ECONOMICAL AND NOISELESS

Spring Beds

IN THE MARKET.

A Trial of the Adjustable Spring Bed

WILL CONVINCE ALL OF ITS EASE AND COMFORT.

It gives to weary man an ease,
No other can impart:
Its tendencies all go to please,
And cheer an aching heart.

It charmes away the cares of day,
And gives the weary rest;
It gives the sleep the very sweet
That makes the slumber blest.

☞ It is economical, because no under-bed is required, and saves not only its cost, but the daily labor of Shaking, Turning and Airing it.

POSTAL RULES.

Many errors occur by persons not observing the following regulations in depositing letters, papers, or miscellaneous publications in the Office for mailing.

Heslop's Worcestershire Sauce, the most Popular Sauce in America.

Mutual Life Insurance Co. of New York

Money should Never be Enclosed in an Ordinary Envelope.

Valuable letters should be carried to the Post Office and registered. If Money is to be remitted, a Postal Money Order should be obtained. If upon points where there is no Money Order Office, then the letter should be registered.

Direct letters plainly to the Street and Number, as well as the Post Office, County and State. By inserting upon letters the County in which the Office is located, many errors in superscription might be detected, and mistakes in mailing avoided.

Head letters with the name of the writer's Post Office and State, Street and Number. Sign them with full name, and request that answers be directed accordingly.

All drop letters, or letters to be delivered within the city, must be prepaid by Postage Stamps at the rate of 2 cents per ½ ounce or under.

Prepayment by Stamps required on all letters to places within the United States, at the rate of 3 cents per ½ ounce or under.

Full prepayment by Stamps required on all transient printed matter, foreign and domestic.

All letters not prepaid by Stamps, all such as are received in the Office with Stamps cut from Stamped Envelopes, or with such Postage Stamps as were in use prior to 1861, or with Revenue Stamps on them, are treated as "unmailable," and are so sent to the Dead Letter Office.

Packages containing poisons, oils, explosive chemicals, liquids, or anything calculated to injure or endanger the safety of the mails, will not be received.

Letter Postage is to be charged on all printed matter which shall contain any manuscript writing whatever.

A letter once delivered to any one authorized to receive it, cannot be forwarded without additional postage.

CITY DELIVERY.

The public are requested to adopt the house-door letter-boxes, the use of which will result in greatly increased rapidity in the delivery of letters. Free delivery of letters by faithful Carriers will be secured by having them plainly addressed to the street and number. No necessity exists for persons calling at the office, as all may have their mail matter left at their residences regularly, without risk or charge. Four deliveries will be made daily by the Letter Carriers, beginning at 8.00 a. m., 10.30 a. m., 2.15 p. m., and 4.30 p. m.

COLLECTIONS

Are made daily from the street letter-boxes as follows: 1st, 7.00 to 8 30 a. m.; 2d, 12.00 to 1.45 p. m; 3d, 7.00. to 8 45 p. m., except Sunday, when one collection from 4 to 8 p. m. is made. Letters are also collected and delivered at the principal hotels.

DOMESTIC MAILS.

The single letter rate of postage is three cents, throughout the United States, for ½ ounce or under. An additional rate of three cents is required for each additional ½ ounce, or fraction thereof.

The following are the quarterly rates of postage, when paid quarterly or yearly in advance, on newspapers and periodicals, issued once a quarter or more frequently, and sent to actual subscribers from a known office of publication:

(One copy only,) not exceeding 4 ounces or fraction thereof, quarterly, 1 cent; monthly, 3 cents; semi-monthly, 6 cents; weekly, 5 cents; semi-weekly, 10 cents; tri-weekly, 15 cents; six times a week, 30 cents; daily, 35 cents. An additional rate for each additional 4 oz. or fraction thereof.

Transient newspapers and miscellaneous mailable matter to be prepaid by stamps.

One package, (except books,) to one address, 1 cent per 2 oz or fraction thereof.

Books to one address 2 cents per 2 oz. or fraction thereof, limited to 4 lbs.

STAMPED ENVELOPES.

The attention of the public is called to the advantages of using Stamped Envelopes rather than Postage Stamps. Daily, numbers of letters are dropped in the Post Office without prepayment, with Revenue Stamps, and Stamps cut from Stamped Envelopes affixed, which are held for postage; whereas by the use of Stamped Envelopes, these letters would go forward without delay.

Persons purchasing Stamped Envelopes, of any denomination, in quantities of 500 and upwards, may have their address and request to return in a specified time printed thereon, not to exceed four lines, free of charge. The Department offers unusual inducements to the public in the sale of Stamped Envelopes.
